

ACCUPLACER Computerized Placement Test (CPT) Results

Your ACCUPLACER course placements are based on your **TOTAL RIGHT SCORE** out of a possible 120 points on each test section. Transfer your test scores from the reverse side and enter them in the appropriate chart below for each of your tests. These charts show all class placements based on your CPT scores from today's test session only. If you have any questions please see the test proctor, an advisor or counselor for assistance. Always keep a copy of your CPT scores for advising purposes. ACCUPLACER scores will be valid for three years, after that time they will be removed from our system, once they have been removed from our system they will no longer be used at this institution. If you need scores sent to another school you may fill out a request form and we will process the request in 5-7 days. There will no longer be immediate release of test scores.

Reading Comprehension Test
